

Sension+ Reference electrode for ISE, ceramic diaphr., banana conn.

Product #: **LZW5044.97.0002**

ZAR Price: Contact Hach
Ships within 3-5 weeks

Reference electrode 5044 for ISE applications, Ag/AgCl with Lithium Acetate 0.1M, ceramic diaphragm, with 1 m cable and banana connector.

Specifications

Cable Length:	1 m
Connector:	Banana
Dimensions (D x L) :	12 mm x 120 mm
Electrode Type:	Laboratory reference
Filling Solution:	LZW9901.99
Length:	120 mm
Material:	Sensor Body: Glass
Parameter:	Reference ISE
Probe Junction :	Ceramic
Special Features:	Double junction reference electrode for ISEs, large ceramic diaphragm
Temperature Range:	0 - 60 °C
Type:	Lab, reference for ISE
Warranty:	6 months
