Anemometer, Mini Environmental Quality Meter

Product #:   **2850025**

OBSOLETE ITEM
This item is no longer available.

This Basic Mini Environmental Quality Meters is light weight small in size, allowing one-hand operation. Measures wind speed, air temperature and relative humidity.

3 professional environmental instruments in 1
Measure Air velocity, Humidity and Temperature.

Maximum and minimum memory with recall
Compare real-time readings with Min/Max displayed on screen.

Built-in microprocessor circuit assures excellent performance and accuracy
High precision humidity sensor with fast response time

Low-friction ball bearing mounted impeller design
Provides high accuracy at high and low air velocity.

Lightweight, ergonomic design
Small enough to hold in the palm of one hand.

Specifications

What's included?:   Includes: Meter, CR 2032 DC 3V battery, Instructions and soft case.
