Hach Colitag presence-absence tests deliver the fastest EPA approved results in the market

Comparator for use with Hach Modified Colitag. Hach Modified Colitag Colitag offers the following benefits:

The Fastest Presence-Absence Test on the Market at 16 Hours

Fastest EPA-approved test for coliforms and *E. coli*. Test as late as 5:00 PM and still have your results by 9:00 AM the next day.

One Product that Supports 16- or 22-hour Test Methods

Allows for a "standard" test that requires less set-up, or a

"rapid" test when necessary. One media for both tests reduces

complexity in certification and inventory.

Results are Valid for 48 Hours

Saturday's tests can be read on Monday—no need to work all

weekend. Results stay valid for 800% longer than the competition.
